WIRED

Work/Interview, Resume/Experience Day

September 12, 2016

12:00 PM - 4:00 PM

Student Center Ballrooms

DON'T MISS OUT

A great opportunity to connect with Mines students, while assisting them with resume preparation for Career Day, promoting your company's branding on our campus!

Use your expertise to offer students one-on-one resume critiques and mini practice interviews in preparation for the 2016 Fall Career Day

WIRED EVENT

Work/ Interview, Resume/ Experience Day

Monday, September 12, 2016 --- 12:00pm - 4:00pm

Ben H. Parker Student Center Grand Ballrooms (A, B, C)

WIRED is an event developed to assist students with their career development and co-sponsored by the Mines Multicultural Engineering Program and the Mines Career Center, and is an excellent opportunity to meet one-on-one with Mines students, as well as showcase your initiatives in promoting diversity within your organization. With your company representatives providing expertise to offer assistance with resume critiques, booth approach strategies, and practice interviews, WIRED is an enjoyable opportunity for recruiters to further enhance their organization's branding, and is extremely helpful and appreciated by the students who sign up for these mini-sessions.

Schedule of Events:

11:00am: *Employer Arrival*

**Buffet Lunch Provided*

11:45am: *Employer Welcome and Brief Overview*

12:00pm-4:00pm: One-on-One Sessions with Students

Students will visit your table and ask for assistance, typically in the area of:

- Resume critiques
- Booth approach
- Practice interviews

You will have 20 minutes to spend with each student. This short timeframe is to ensure multiple students will be well-prepared to meet with recruiting professionals at Career Day. Student sessions are not degree specific, you may be talking with students from multiple disciplines.

TO REGISTER for WIRED, please visit: https://commerce.cashnet.com/SWE_MEP

Thank you for your participation in this valuable event!
