- **Fall 2017 Recruiting:** Reservations of Next Day and Room Only Reservations are from Career Day to September 20th. This is followed by the Pre-select Process, making resume review, candidate selection and scheduling easy for employers and students.
- **Spring 2018 Recruiting:** Next Day reservations are available on February 14th– 16th, followed by the Pre-select Process for the rest of the season.
- **Information Sessions:** Many companies use these meetings to kick off their on-campus interviewing event. Information sessions provide a convenient way of presenting information to students who have been selected for interviews. It also provides a way to informally recruit other interested students and fill slots on the interview schedule.
